## WORK EXPERIENCE

PRESENT

**Full Stack Developer** . 3 yrs 6 mos

**Ferdows Distribute Company** . Iran. Tehran . tehran

NOV 2017

Dealing with both back-end and front-end technologies made me a full stack .NET developer, so I obtained a deep knowledge of software development, and the company counted me as a worthy engineer. Moreover, gaining a great ability in using Asp.net MVC and .NET framework to develop the company's software projects was a positive point of my works in this company.

Development and support of the company's comprehensive system (supply planning, sales and marketing, business, warehouse management, receipt and payment, finance, reports)

Development and support of the company's site (customer panel, supplier panel and reports)

Technology Stack: .Net Core, C#, ASP.NET, MVC, Razor, MS SQL Server, Jira,TFS,StimulSoft, AngularJs ,HTML,JQuery,CSS,Bootstap.

Development and support of order requesting software by visitors

(Submit request, view tour, customers, finances, prizes, invoices / orders, reports)

Development and support of goods separation and delivery software in the central warehouse

Technology Stack: Android Studio,MS SQL SERVER ,.Net,C#,Web Api

SEP 2019

**.Net Developer** . 5 yrs

**Freelance** . Iran. Tehran . tehran

SEP 2014

Design and implementation of legal receipt system and site of Parsian Kohan Niroo Company

Website design of Avae Tejarat Atieh Company

Design and implementation of online cartridge store

Design and implementation of Nik Andishan Pars Insurance Services Company (Alborz Insurance Top Representative Company)

Design and implementation of oyster architecture's ceramic store

Design and implementation of the management system of the Armed Forces Elite Foundation

NOV 2017

**.Net Developer** . 3 yrs 2 mos

**Mehrpardaz Ilia** . Iran. Tehran . tehran

SEP 2014

The variety of projects improved my software analysis abilities and taught me how to deal with different programming challenges. Developing both .NET web and windows applications were a part of my skills which I gained in this company and helped me to play a remarkable role in the development team in order to produce better software for clients.

Technology Stack: .Net, C#, ASP.NET , Web Forms ,MS SQL SERVER , TFS

Design, analysis and implementation of a comprehensive investment system in the ports of the Ports and Maritime Organization of the country

Design and implementation of a comprehensive licensing system in special economic zones in the ports of the Ports and Maritime Organization and implementation in the ports of Shahid Rajaei ,Imam Khomeini ,Amirabad ,Bushehr ,Nowshahr and Astara

Design and implementation of a comprehensive system for selling electronic sea travel tickets in Kharg ,Genaveh , Aftab, Chark and Laft Port.

Design and implementation of software for port affairs and port regulations of the Ports and Maritime Organization of the country

Design and implementation of tourist tourism system

Design and implementation of a comprehensive car bank

Design and implementation of a comprehensive housing bank

Development and support of the statistics and operations system of the country's ports and maritime organization
